NICOLA'S BIRTHDAY BASH

Model Nicola Breytenbach celebrated her birthday in great style. Along with her boyfriend, property high-flyer Benjamin Steiner (that's him on Nic's left), and friends, the 27-year-old beauty started off with dinner at Cape Town's plush 95 Keerom, followed by an equally plush afterparty at Rhodes House. We reckon she deserves extra credit for getting through it all in that dress, without actually flashing her butt.
