**Nicola Takes Time Off**

SOUTH AFRICAN-BORN model Nicola Breytenbach was recently spotted enjoying a walk through Manhattan with baby daughter Evangeline. The new mom, who lives in New York with husband Ben Steiner and their only child, was supposed to visit family in SA for Christmas this year, but has decided that Evangeline is still a bit young to travel – and is well, enjoying some time off to chill with her. Pity we couldn't get a closer glimpse of the baby girl.
