

## KNOCKED UP?

Is it just us or does SA-born international model **NICOLA BREYTENBACH** look as if she has a bun in the oven? At her wedding last year she made no secret of her desire to become a mom as soon as possible and this pic, taken of her and her husband, **BEN STEINER**, holidaying on Fisher Island off the coast of Miami, definitely shows a slight boep.

Nicola's Cape Town-based agent insists she has nothing to hide and there's definitely no baby on the way. Hmmm, not sure we believe you! - JARED ORLIN
